Extracto

Federico Cayrol is Agile Coach and Senior Consultant at Globant, with more than 12 years working on IT within corporations, startups and independently. He is an active Agile practitioner and promoter, when not in the field, he is organizing meetups, speaking on conferences, delivering workshops, writing articles, collaborating with entrepreneurs or just having fun playing the piano, reading or fishing on a kayak over the sea.

He is currently working helping enterprises to adopt a mindset of continuous change and improvement through agile values.

Sr. Java Engineer and Agile Coach (Globant's Contractor)

febrero de 2016 - agosto de 2016 (7 meses)

Argentina

As scrum master on team of 9 developers, i am always trying to improve the agile practices but also improving the whole technical part of the process. we are currently migrating a cms legacy app to a new Groovy/Grails solution. After several years as scrum master I started to lead the Funnel Optimization Scrum Master team to improve practices across the teams.
